

**ISLAND COUNTY DEPARTMENT OF NATURAL RESOURCES
REQUEST FOR QUALIFICATIONS
CONSULTANT SERVICES**

Island County Department of Natural Resources is soliciting interest from consultants who wish to be evaluated and considered to provide services for a project promoting alternative protection strategies for shoreline residential properties. The alternative protection strategies provide both the use and enjoyment of the property while promoting and maintaining the ecological properties of coastal ecosystems for the support of fish and wildlife. The scope of work includes two tasks:

1. Provide professional engineering services for soft shore design and permitting assistance; and
2. Develop a response plan, in collaboration with Island County staff, for emergency bulkhead replacements.

Evaluation and Selection:

As per Island County Code 2.29.040; the County will award the contract to or make the purchase from the qualified contractor or vendor whose proposal is most advantageous to the County with the price and other factors considered. The County may reject any and all proposals for good cause and may then request new proposals.

Materials Submitted:

To be considered for this service contract, please submit your resume and cover letter detailing previous related work experience. Include the firm name, phone and fax numbers, email address for point of contact; Federal Tax Id Number; DUNS Number; UBI Number and if applicable D/M/WBE Certification Number; Include a statement of acceptance of the County's contract language and insurance coverage requirements.

The submittal must be received (email optional) no later than **3:00PM on April 22, 2016.**
